DETAILED ACTION

Claims 144-213 are pending.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 151 and 152 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 151 and 152 are dependent either directly or indirectly on canceled claim 146. It is unclear what are applicant's intent regarding claims 151 and 152. Claims 151 and 152 are not rejected over prior art because they are so unclear that a comparison with the prior art is not reasonably appropriate.

Allowable Subject Matter

3. Claims 144-145, 147-150, 153-213 are allowable over the prior art.
4. The following is a statement of reasons for the indication of allowable subject matter: the prior art does not adequately disclosed or fairly suggest the compositions as claimed wherein, "a demulsifying amount of one or more salts of alkaryl sulfonic acid effective to perform a function selected from the group consisting of demulsifying an emulsion in an aqueous solution and preventing formation of an emulsion in an aqueous solution." is employed in the compositions as claimed. Attention is directed to applicants' response and consideration of the reference combinations as a whole.

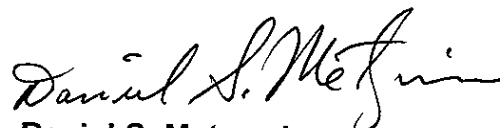

Response to Arguments

5. Applicant's arguments with respect to claims 151 and 152 have been considered but are moot in view of the new ground(s) of rejection.
